

Sustainable Practices

A way to lessen our impact on the environment is through sustainable practices. For each of the following, write **WHY** this is sustainable and the **BENEFITS** and **USES** for this technology/concept:

Solar Panels (Solar Energy Sources)	
Wind Turbines (Wind Energy Sources)	
Electric Cars	
Recycling	

Name: _____

Science 7
Ms. Buckley

Desalination (Taking salt out of water)	
Energy Efficient Light Bulbs	
Conservation of Resources	
Support for Developing Countries to Become more Energy Independent
